Skilled communicator using an empathetic approach for better resolution of concerns.

WORK EXPERIENCE

City of Temecula – Temecula, CA
Office Aide III *February 2024 – June 2026*

- Provided customer service to contractors and business owners by answering inquiries, assisting with inspection scheduling, and guiding them through permit related processes.
- Supported contractors and business owners by explaining inspection requirements, timelines, and next steps.
- Coordinated and tracked fire prevention inspections in Microsoft Outlook and EnerGov for 8 Fire Department inspectors for residential and commercial projects.
- Reviewed older permits on EnerGov to ensure they were finalized in system which were then routed to Laserfiche for easier records retrieval.
- Handled calls from contractors and business owners to schedule fire prevention inspections thereby enabling businesses to meet compliance requirements and move toward opening.
- Collected and attached foam letters to permits for 545 residential lots that confirm the compatibility of the foam insulation with sprinkler piping and reduced the existing backlog.

America's Christian Credit Union – Glendora, CA
Executive Assistant *June 2021 – January 2023*

- Managed administrative responsibilities for 8 members of the Chief Officer Group which include:
  - Facilitating meeting scheduling process to ensure quorum of committee members.
  - Preparing PowerPoint presentations for monthly Board meetings thereby keeping Board informed of credit union policies and strategic initiatives.
  - Significantly improving meeting minutes turnaround time for monthly Board meetings, quarterly Credit Union Service Organization meetings, quarterly Supervisory meetings, Annual Member meeting, and Strategic Planning utilizing Dragon transcription software thereby enhancing productivity and efficiency.
  - Coordinating travel arrangements for Board and Chief Officer Group for various conferences.
  - Producing and posting board packets for 12 committee members on Board portal, allowing them to access information within 72 hours of Board meetings.
  - Ensuring 24-hour turnaround processing time for expense reports for 4 corporate credit cards.
  - Streamlining the onboarding/offboarding processes for employees, ensuring they receive name plates and tags, business cards, and desk keys upon start date.

- Streamlining the Field of Membership account opening process using Laserfiche, significantly reducing approval or denial time by 67%.
- Reducing the number of closed account surveys physically mailed per month by 90% using SurveyMonkey.
- Reducing turnaround time on meeting minutes signatures from 7 business days to 2 business days, or 71%, by using DocuSign.
- Streamlining the key management process by issuing key boxes to department supervisors and managers.

FirstLight Federal Credit Union – El Paso, TX
Executive Administrative Assistant *July 2000 – June 2021*

- Managed administrative responsibilities for 5 members of Executive Management which include:
  - Facilitating meeting scheduling process to ensure quorum of committee members.
  - Distributing minutes within a 24-hour turnaround time for monthly Board Asset Liability Committee meetings, quarterly Foundation and IT Steering Committee meetings.
  - Performing high-level analytical work by providing data-driven summaries of key economic indicators to the Chief Financial Officer in preparation for Asset Liability Committee meetings.
  - Coordinating travel arrangements for Executive, Board, Senior Management, and other staff for various conferences.
  - Streamlining travel approval process for Executive and Senior Management as well as Board and Supervisory members by implementing a travel request form.
  - Streamlining board packet production via the use of an online Board portal thereby allowing access to information on-demand.
  - Ensuring 24-hour turnaround processing time for expense reports for 4 Executive Management members using Certify expense report software.
  - Maintaining and reconciling Executive and Board travel budget to stay within the allotted expenses for travel.
  - Leveraging problem-solving skills during member interactions in person or via call.
  - Reviewing and preparing business loan applications totaling more than $500,000, ultimately delivering the necessary funds to businesses to compensate their staff during Covid.
  - Implementing a contract management and tickler system for contract renewals using Quantivate software, resulting in no missed contracts by responsible parties.
  - Leading project team meetings, reviewing software issues, and monitoring progress during Online Banking project to provide better member experience.
  - Ensuring accurate data transfer and resolving system issues during Core Conversion project to provide a better member experience.
